Leonardo's Easter eggs

Easter eggs are really beautiful. They are colourful, mostly there are a lot of them, they smell good and dogs are not allowed to steal them.....

So the story goes..... it is Easter morning....

Leonardo asked Brösel: " \_\_\_\_\_ (to have/you /already) tasted good smelling Easter eggs, Brösel ?"

Brösel: "No I \_\_\_\_\_. Why do you ask, Leo ?"

Leo: " I \_\_\_\_\_(to smell) them the whole morning up until now." "They really smell good, warm, cosy, delicious, just like they have to jump in my mouth."

Brösel: "You are funny, Leo. If there is an \_\_\_\_\_(Erdbeben), they will jump into your mouth, but otherwise ...never !" "Your family will eat them themselves!"

Brösel: "Leo, you are a dog like me and dogs eat \_\_\_\_\_(Fleischbällchen), \_\_\_\_\_(Fleisch), \_\_\_\_\_(Wurst), \_\_\_\_\_(Kartoffeln, \_\_\_\_\_(Lamm), \_\_\_\_\_(Hühnchen), \_\_\_\_\_(Schweinefleisch), \_\_\_\_\_(Rindfleisch) and of course \_\_\_\_\_(gegrillte Steaks). Maybe sometimes you eat \_\_\_\_\_(Spiegeleier).

Leo:"But Brösel, I \_\_\_\_\_ never \_\_\_\_\_(to have) an Easter egg for breakfast, so I want to try one. And besides that, you can play with them like balls and afterwards you eat your ball."

Hailey, the dog from the neighbourhood, came along the way.....

Brösel: "Leo, look at her, at Hailey, I know you like her...

\_\_\_\_\_you already \_\_\_\_\_(to think) about marrying her?"

"That would be the biggest wedding ever!"

Leo:" I am so shy, Brösel!" "I \_\_\_\_\_(never) \_\_\_\_\_(to ask) Hailey if she wants to go for a walk with me, do you think I can ask her?"

Brösel: "Leo, be a brave dog and ask her like this:

\_\_\_\_\_ (you already) \_\_\_\_\_(to be) on a wedding, dear Hailey?"

"So if she answers: No, I \_\_\_\_\_(to have) you can say: So let's have a try, Hailey, you \_\_\_\_\_never \_\_\_\_\_(to see) such a good boy like me, Hailey, right?"

Leo: "I need another tip from the girls and boys of class 6c, Brösel. I am not sure."

**Now you: Write a few sentences what Leo can tell Hailey that she wants to marry him.....**

### 3.Orca

Bitte lese Dir den Text gut durch und übersetze komplett schriftlich (Dictionary, Google)

- Order: whales
- Suborder: toothed whales
- Family: dolphins

#### Identification

Up to ten metres long, the orca is the largest member of the dolphin family. Most of its body is black, but you can see some lighter areas: a white patch behind the eye, a grey saddle-patch behind the dorsal fin, a large white area on the belly and on the undersides of the flukes.

Male (männlich) orcas are easily identified by their high dorsal fins, which are about 1.8 m in height. In female orcas, the dorsal fins are much smaller and more rounded.

**How do they live:** Like most of the toothed whales, orcas are social animals. They live in family groups. The size of the group can be from just a few animals up to fifty.

**What do they eat:** Orcas eat fish, sea lions, octopus, birds, sea turtles, seals, other whales and sharks.

**Where do they live:** Orcas are found 🗺️ in all oceans, but mostly in cooler waters.

**Other interesting facts:** Do you know why orcas are sometimes called 'killer whales'? As orcas often attack and eat other whales, Spanish whalers called them 'whale killers'.
